Kay,

2pm will work best. I will leave it to you to decide how many representatives to bring with you, but I would ask that we try to limit the meeting to about an hour. I will be joined by Francisco Benzoni (Environmental Division), Lynne Weaver, (Consumer Protection Division), and Blake Thomas (Deputy General Counsel to the Attorney General).

Any information related to specific areas of concerns that you can share in advance would be helpful. Thank you.

Good morning, Dan.

Many thanks for your response and assistance.

The afternoon of Tuesday 12/19 is great. Please let me know who from the staff will participate and how many of the stakeholder representatives you feel would be appropriate to be there.

Some days before the meeting, I should be able to let you know who will be attending and if you prefer, can provide specific issues of concern. Would 1:30 p.m. or 2:00 be ok?

With appreciation,

Kay

Hello, Dan,

Just checking back to see if there is a date and time you suggest that you and your staff can meet with a few of the representatives? Perhaps the **week of Dec. 11th or next Friday, Dec. 8th?**

Thanks.

Kay

Subject: Dec. meeting re: landowners and ACP, environ. reps,

Good morning, Dan,

I hope you remember me from last spring when I coordinated the meeting with several of the NC environmental justice organizations and your staff.

I am writing to request a similar meeting, but with only a few representative organizations and two or three landowners who are being impacted by the proposed Atlantic Coast Pipeline, also one or two Tribal Leaders representing the Tribal Council. There is ongoing concern about African American landowners and Native American communities in the path of the pipeline who are either being intimidated or are not informed from Duke and Dominion. I was told that an invitation will be extended to Governor Cooper soon for him or his staff to attend a meeting with leaders from the various Nation American nations in the path of the pipeline. There is also concern about plans to extend the ACP into South Carolina which has further implications for NC and consumers/communities in the path of pipeline.

Could you consult your associates to select perhaps two proposed afternoon dates in the upcoming weeks? **Might I suggest the week of December 4 through December 8?** If it would be helpful, talking points or questions can be provided prior to the meeting.

Many thanks.

Kind regards,

Kay
